

product description

A durable, high quality UV resistant exterior latex paint, with great scrubability and flexibility to cover hairline cracks. Excellent water-repellent and anti-fungal properties.

compatible surfaces

Exterior cement plastered walls. Suitable for coastal regions.

surface preparation

Surfaces must be clean, dry and properly primed or sealed. Previously primed surfaces must be rubbed down and made dust free.

recommended primer/undercoat

Alkaline Resistant primer to be applied as first coat. Masonry Primer / Plaster Primer for rhino-lite / cretestone / gypsum surfaces.
