

## product description

A general purpose undercoat for air drying protective and decorative paints, with excellent adhesion to all properly primed or sealed surfaces.

## compatible surfaces

All primed or sealed surfaces like steel, wood, cement and most composite boards. Do not overcoat with Q.D. Enamel.

## surface preparation

Surfaces must be clean, dry and properly primed or sealed. Previously painted surfaces must be touched up, rubbed down and made dust free.

## recommended primer / undercoat

Can be applied over primer or sealer coats on steel or wood. Use as such as undercoat to alkyd enamels.
